

**Most of these products are available from BVA allotment shop. Please contact Keith Dixon.**

**The following items shown below with descriptions of what they are used for. Fertilisers....**

### **African Violet Feed**

A water soluble, high phosphate feed specially formulated for African violet to encourage healthy growth. Feed this to your African violets once a week.

**All Purpose Organic Garden Natural Fertiliser Makes your plants, flowers, fruit crops and vegetables grow healthy and strong.** Produces bumper crops of fruit and vegetables. Ideal for all plants. NPK: 5-2-5. 1 litre.

**Baby Blo Drip Feeders.** Convenient ready to use plant orchid food feeder. Each feeder lasts for up to 1 month. Use during the growing season for health and vibrancy. Houseplant 40m1- 25pk. Orchid 40m1- 25pk

### **Baby Bio Houseplant Food.**

Britain's favourite house plant food. For greener leaves and vibrant colours. Simply mix with water and pour onto plants. NPK:10.6-4.4-1.7.

### **Baby Bio Orchid Food**

**For healthy growth and improved flowering.** Perfect for use during the growing season. For vibrant flowers and healthy leaves. NPK: 5.3-2.2-0.85. 175ml

### **Base Top Dressing**

Traditional all purpose fertiliser can be used at all times anywhere in the garden and greenhouse. Use for lawns in spring, summer and autumn and as a spring dressing on beds and borders to give your plants the best possible boost. NPK: 6-8-10. 25kg

### **BONEMEAL**

Slow release fertiliser produced from sterilised bone meal. Encourages healthy root development. Rich in phosphates and nitrogen. Releases nutrients slowly over an extended period. Ideal for bulbs, herbaceous plants, shrubs, roses, fruit trees and strawberries. NPK 3.5-17-02.5kg 5kg tub 10kg tub 25kg

### **BONSAI Feed**

Ideal for most species during periods of active growth. Soluble feed suitable for most bonsai species Strengthens stems and root systems. 200g.

## **BUXUS FEED**

For all buxus species in hedges or containers. Promotes dense and healthy growth. Contains nutrients to help improve leaf colour Provides extended nitrogen release. 1 kg. 5kg Tub.

## **CALCIUM**

Promotes rapid uptake of calcium and nitrogen. Multipurpose action for improved growth. Helps prevent many plant disorders. 750g.

**Cacti & Succulent Soluble Feed.** Suitable for all cacti and most succulents during periods of active growth. Low nitrogen soluble fertiliser. Ideal for all varieties of cacti and most succulents. 200g

## **Chempak No.2**

**A high nitrogen formula for strong leaf and stem growth.** Perfect for early season feeding and for getting plants off to a strong start Ideal for leafy plants such as ferns, leaf and salad vegetables. NPK: 25-15-15. 750g.

## **Chempak No.3**

**A fully balanced multi purpose formula with multiple uses.** Also suitable for lime hating plants like azaleas and rhododendrons. NPK:20-20-20. 750g.

## **Chempak No.8**

**A lower nitrogen formula containing extra phosphate and potash to mature growth.** An ideal maintenance feed for established heathers, conifers and other plants where lush top growth is undesired. NPK: 12.5-25-25. 750g.

## **Chempak Clematis Food**

**A professional feed for all clematis and other climbing plants.** Promotes strong growth and an abundance of flowers. Suitable for all climbing plants. NPK:16-14-32. 750g.

## **Chempak Fuschia Food**

The perfect soluble plant food for fabulous fuchsias. An almost balanced formulation with a slightly higher potash content, high magnesium and trace elements for strong colour and healthy dark foliage Fully soluble, the formula will start to work instantly NPK:17-17-21. 750g.

**Chempak Tomato Food.** Ideal for all varieties of tomatoes grown in the greenhouse, outdoors in pots, growbags or in the soil. Can also be used for other crops such as peppers, melons, cucumbers, strawberries, and soft fruit. NPK:11-9-30. 750g.

**8X Pelleted Chicken Manure 100% Natural pelleted fertiliser.** The ideal feed for flowers, lawns, vegetables, trees and roses. Highly concentrated with trace elements to feed the soil. 8kg Tub. 20kg

**6x pelleted chicken fertiliser organic odour free concentrated.**  
20kg bag 8kg Tub

**6x Fibrous Natural Fertiliser organic 100% natural chicken fertiliser 15kg Bag.**

**Chrysanthemum /Tomato Fertiliser.**

Ideal fertiliser for use on both chrysanthemums and tomatoes. It has a strong analysis giving healthy growth and vitality. NPK: 5-8-11. 25kg

**Citrus Summer Feed Promotes strong healthy growth and improved fruiting.** High nitrogen content is ideal for citrus plants. Discourages premature ripening, fruit drop and leaf discolouration. 200g

**Citrus Winter Feed Maintenance feed for the autumn/winter months.** Carefully balanced to maintain growth. Helps prevent premature leaf fall and discolouration. 200g.

**Clematis Feed**

Promotes growth and flowering of clematis and other climbers. Nutrient content is ideal for vigorous climbing plants. Encourages bright, abundant flowering. 0.9kg. MAGNESIUM An essential trace element for off coloured garden plants. Improves uptake of nutrients and greens up yellowing plants. Ideal for tomatoes to correct magnesium deficiency. Also good for chrysanthemums. 750g.

**Conifer & Shrub fertiliser**

An extended release, pelleted fertiliser. Ideal for acid loving shrubs and plants. Contains vital trace elements for early establishment and vigorous growth. Extended release nitrogen. 2.5kg

**Concentrate Pure Seaweed Extract.** A pure, concentrated seaweed extract containing 24% seaweed solids. This bio-stimulant can be used on a wide range of horticultural and agricultural crops and can help boost root growth, leaf chlorophyll and alleviate abiotic stress.  
Contains: No added NPK. 10litre.

### **Dried Blood.**

Fast acting organic fertiliser rich in nitrogen. Promotes above the ground growth. Particularly beneficial to leafy crops such as lettuce, spinach and cabbage. Also an excellent feed for foliage plants. NPK12-0-0. 0.9kg 25kg

### **EPSOM Salts**

Rapid cure for magnesium deficiency. Particularly beneficial for tomatoes and house plants. Use as a base dressing or liquid feed. Apply as necessary during the growing season. NPK: 10% Magnesium.

### **Fertiliser Plant Feeds etc., GROWMORE**

Popular general purpose fertiliser for use all around the garden. Contains a balanced blend of three major plant foods. Promotes heavy crops of fruit and vegetables, as well as beautiful flowers. Also ideal as a pre-seeding fertiliser for use before laying turf or sowing grass seed NPK7-7-7 2.5kg 5kg tub 10kg tub 25kg

**Fish Blood & Bone Traditional**, organic-based, general purpose fertiliser.

Encourages strong growth. Promotes healthy root development. Apply throughout the growing season NPK5-5-6 2.5kg tub 5kg tub 10kg tub 25kg

**Flower & VEG Fertiliser.** A high quality all purpose powdered fertiliser. Ideal for fruit, vegetables, flowers and roses. Contains all the vital plant foods and trace elements essential for vigorous plant growth, abundant flowering and ripening of fruit. NPK: 5-7.5-10 +1.7Mg +Trace Elements. 2.5kg and 25kg.

**Flower & Veg HN Fertiliser.** A high nitrogen extended release powdered fertiliser. Ideal formulation for all containerised nursery and field grown tree and shrub stock. Can be used as a base or top dressing. Promotes healthy root development and successful establishment of plants. NPK:10-7.5-10 +1.7Mg +Trace Elements. 25kg

### **Green Up**

**Enhance Liquid Lawn Feed.** The most advanced liquid lawn feed available. As used by professional greenkeepers. Can be used on freshly germinated and newly established lawns. Can be used in wet or dry conditions. 200m<sup>2</sup>.

**Gro-Sure All Purpose Slow Release Plant Food.** Packed with nutrients for healthy flowers & fruits. Feeds for 6 months. Great for baskets & containers. Suitable for all plants NPK: 12-7-19.

### **HOOF&HORN MEAL.**

A slow release high nitrogen feed for plants that produce large amounts of leaf, especially vegetables and corn. Nitrogen is needed to make leaf protein. High quality leaves are also important for corn and maize to produce good crop yields. NPK 13-0-0. 2.5kg and 25kg

### **John Innes Base**

A balanced general fertiliser for using around the garden. Used for mixing up John Innes range of composts. Can be used as a base dressing NPK5 1-7-7-9-7.

### **KLESERITE**

Speciality fertiliser that corrects magnesium deficiency Kieserite is a source of Magnesium and sulphur. Approved for use in organic farming NPK: 15% Magnesium & 21% Sulphur 25kg

**Lawn Feed & Weed Plus Moss Killer.** Mini granular lawn treatment for a stronger and healthier looking lawn. Greens in 7 days. Kills weeds. Kills moss. Large 625m<sup>2</sup> coverage. Contains: 2,4-D, Maxicrop, Dicamba and Ferrous Sulphate. NPK: 10-2-2.20kg - 625m<sup>2</sup>.

**Spring & Summer Lawn Food High quality mini granular fine turf fertiliser.** Will feed and keep turf in good condition for approximately six weeks. To be applied in mid season on areas subjected to intense use NPK: 11-5-5.5kg and KGL118 25kg.

**Autumn & Winter Lawn Food. High quality mini granular fine turf fertiliser for use during the autumn and winter.** The high Phosphate content helps root development and makes this analysis suitable for use as a pre-seeding or turfing fertiliser. NPK3-10-5 5kg and 25kg. Sheet 19 of 20. Autumn & Winter with moss control Mini granular autumn and winter fine turf fertiliser which helps deter moss. High Iron content ensures rapid and effective moss control. The potash content controls soft growth and increases disease resistance. NPK3-6-8 + 4 Fe. 5kg and 25kg.

**Lawn Clear Liquid Feed & Weed. Liquid lawn fertiliser with added weedkiller to treat common lawn weeds.** For green and healthy lawns Kills common lawn weeds and encourages grass re-growth. Apply from April to September. Contains: Clopyralid, 2, 4-D and MCPA. 200m<sup>2</sup> Sheet 20 of 20. Maxicrop Moss Killer & Conditioner. A liquid moss killer which is a safe and effective way of controlling moss. Based on iron sulphate, contains nitrogen with seaweed extract base Helps stimulate grass regrowth and improve colour. Safe to use on all types of grass from March until November. 10 litre

**LAWN GREEN A high nitrogen soluble lawn feed for rapid greening of smaller lawns.** 40% Nitrogen content coming primarily from urea. Easy to apply by watering can or hose end dilutors Ideal for spring and summer use. NPK: 39-5-5. 750g.

**LAWN SAND Powder formulation which kills moss and can be used on all lawns.** The nitrogen content will give a quick green up effect as it stimulates the grass whilst the iron sulphate kills the moss. NPK: 4-0-0 +3Fe. 20kgNPK: 3-10-5.

#### **LEEK&ONION Fertiliser.**

High quality onion fertiliser contains all the essential nutrients onions need. Slowly released over 10-12 weeks. Gives a tastier and increased yield of quality onions, shallots, and garlic. NPK: 6-8-15+5Mg. 25kg.

#### **LEVINGTON TOMORITE.**

For tomatoes and flowering pot plants. Produces top quality, full flavoured tomatoes. With seaweed extract for maximum growth and better crops. NPK: 4-3-8.500m1. 1 litre + 30%. 2.5 litre.

#### **Liquid Growmore**

Balanced multi purpose feed with micro-nutrients. Liquid concentrate with integral measure. Suitable for all plants indoors, outside and in the greenhouse. Promotes stronger, healthy growth. NPK: 7-7-7. 1 litre

#### **Liquid Growmore**

Balanced multi purpose feed with micro-nutrients. Promotes stronger, healthy growth Suitable for all plants indoors, outside and in the greenhouse NPK: 7-7-7. 20 litre.

**Maxicrop Moss Killer & Lawn Tonic Seaweed extract with added ferrous sulphate.** Kills moss and encourages grass re-growth. Rapid greening and improves rooting Blackens moss within hours. Contains: 17% Ferrous Sulphate and 2% Nitrogen. 500m1 and 1 litre. and 2.5 litre

#### **MAXICROP... Seaweed Plus complete Garden Feed**

A balanced all purpose seaweed extract based fertiliser. Great for flowers, fruits, vegetables, shrubs, trees or houseplants. Aids rooting and establishment. Strong healthy growth NPK: 5-5-5.500m1 and 1 litre.

**Miracle-Gro All Purpose Continuous Release Plant Food.** One application feeds plants for up to 6 months. Grows plants twice as big. Removes the need for regular feeding. Contains essential nutrients to give strong healthy plants NPK: 17-9-11 with magnesium and Micro-Nutrients. 1 kg.

**Miracle -Gro All Purpose Soluble Plant Food.**

For beautiful, healthy plants with more blooms. For stunning displays feed every two weeks from March to September. Easy to apply using the Miracle Gro Feeder. NPK: 24-8-16 with Trace Elements.

**Miracle -Gro All Purpose Liquid Plant Food.** Gives bigger, lusher plants with noticeably more blooms. Concentrated liquid version of the popular Miracle-Gro all purpose soluble plant food. Feeds plants in pots, containers, hanging baskets, beds and borders. NPK: 7-3-5 with Trace Elements. Orchid Growth Food. A high nitrogen liquid feed for strong sturdy growth. Use at all stages from young plants to mature specimens. 250ml.

**Miracle Gro- Azalea, Camelia & Rhododendron Continuous Release Plant Food** for ericaceous, acid-loving or lime-hating plants. Grows plants twice as big One application feeds plants for up to 6 months, removing the need for regular feeding. NPK-. 9-14-19 with Magnesium and Iron. 1 kg.

**Miracle-Gro Azalea, Camelia, & Rhododendron Liquid Plant Food.** Stunning flowering displays for all acid loving plants. Prevents yellowing leaves caused by lack of iron. Fast acting tonic, giving unhealthy plants that extra boost. Feeds for up to 2 weeks. NPK: 7-3-5 with Trace Elements. 1 litre.

**Miracle Gro- Azalea, Camella & Rhododendron soluble plant food.**

Specially formulated plant food is just what acid loving or lime hating plants need for healthy growth. Contains sequestered iron which is essential to prevent leaf yellowing Feeds for up to 2 weeks. NPK: 16-6-16 with Chelated Iron, Manganese, Copper, and Zinc. 500g and 1 kg.

**Miracle-Gro Evergreen**

Fast Green Dual action lawn food with added iron supplement. Superior deeper greening in just 3 days. Helps build a thick lawn with stronger roots. Children and pet friendly. NPK: 16-0-5 + 2% Iron. 80m<sup>2</sup> Refill 80m<sup>2</sup> Spreader 400m<sup>2</sup>. Aftercut All in one New Triple action lawn treatment that greens and feeds your lawn, whilst controlling weeds and moss. Greens in 7 days. Kills weeds and roots. Kills moss effectively. Creates a stronger lawn. Contains: 2,4-D, Maxicrop, Dicamba and Ferrous Sulphate. NPK: 10-2-2. 400m<sup>2</sup> 10% Free.

**Miracle-Gro Evergreen Autumn Lawn Care.** Kills autumn moss and strengthens roots. Added seaweed for a healthy lawn. Toughens grass to help it withstand harsh winter weather. Apply using a spreader for easy application...contains: Iron Sulphate. NPK: 6-5-10.100m2 Refill + 20% Free.100m2 Spreader360m2 + 10% Free. Safe to use around children and pets. NPK: 6-2-4. 400m2.

**Miracle-Gro Evergreen Complete 4 in Unique nitrogen formula for a rich green lawn.** Kills dandelions, white clover, plantains and moss. Balanced fertiliser with potassium and nitrogen to help build a thick lawn. Contains: MCPA, Mecoprop-P and Iron Sulphate. NPK: 14-0-5.80m2 Refill + 25% Free 3 100m2 Spreader 360m2 + 10% Free.

**Miracle-Gro Evergreen Mosskill. Feeds and greens the lawn.** Greens in 7 days. Kills moss. Contains♦ Iron Sulphate NPK: 14-0-5.80m2.Spring & Summer with Moss Control Mini granular fine turf fertiliser with added moss control. Added Iron to deter moss. Helps build a thick lawn with stronger roots. Feeds 4-6 weeks. NPK10-4-4 + 3.5 Fe

**Miracle -Gro Evergreen No Rake Moss Remover.** Premium fertiliser helps prevent moss regrowth. Slow release nutrients for long lasting feeding. Greener grass in 7 days. No lawn burning or scorching. Enriches the roots zone and increases soil fertility with 3 months feed. NPK: 4-5-19 +Magnesium.200m2.

**Miracle-Gro Feeder Connects straight to a garden hose.** Feed beds, borders, pots, hanging baskets and lawns. For use with all Miracle-Gro water soluble feeds. Complete with all purpose soluble plant food. NPK: 24-8-16 with Trace Elements. Sports.

**Miracle Gro-Rose & Shrub Continuous Release Plant Food.** One application feeds plants for up to 6 months. Removes the need for regular feeding. Patented technology used by professional growers. Feeds up to 40 bushes. NPK: 15-11-15 with Magnesium. 1 kg

**Miracle-Gro Soluble Lawn Food. Richer, greener lawn in just 5 days.** Easy to apply using the Miracle-Gro Feeder or mixing in a watering can. NPK: 36-6-6. 1 kg and 2kg

**Moss Killer & lawn tonic Seaweed extract with added ferrous sulphate.** Kills moss and encourages grass re-growth. Rapid greening and improves rooting. Blackens moss within hours. Contains: 17% Ferrous Sulphate and 2% Nitrogen.500m1.1 litre. 2.5 litre. or10 litre.

**Natura Grow All purpose Feed.** Plant based pellets to improve soil and maintain plant quality.

### **Natural Fertiliser Plus Seaweed Extract**

The balanced nutrient content is designed to be used as a supplement to plant nutrition during the growing season. Helps stimulate strong root growth and reduces stress, leading to strong healthy growth. NPK: 5-2-5. 10 litre.

**Natural seaweed extract plus 2% iron. Corrects iron deficiency and aids growth in difficult soil conditions.** Prevents chlorosis and produces dark green foliage with a more intensive flower colour. 10 litre. Triple Concentrated Seaweed Extract Concentrated seaweed extract with added nutrients. For use on a wide range of horticultural and agricultural crops. Can be applied as a root drench or foliar spray

and can be used on a regular basis from germination onwards, to help produce strong, healthy crops. NPK: 3-1-5.3.10litre.

### **Nitrate of Chalk**

A quick-acting, growth-promoting nitrogen fertiliser in granular form. Contains a little lime to help reduce acidity.

Nitrate of Chalk is particularly good for brassicas and root vegetables. Avoid acid loving plants. NPK27-0-0.

**ONION Fertiliser.** Chempak An organic granular fertiliser specifically formulated with essential nutrients in the correct balance. Ideal for all onion, shallot, garlic and leek varieties grown outdoors. Slowly released throughout the season to give tastier crops. NPK:6-5-7+4Mg0. 750g

**Orchid Feed For healthy growth and improved flowering.** Carefully balanced orchid feed. Supports healthy growth and counters 'nutrient lock-up'. 200g

### **Organic Tomato Natural Fertiliser**

Makes tomatoes and greenhouse crops healthy & delicious. Produces bumper yields of delicious tomatoes. With seaweed extract for strong healthy growth. Approved for organic growing. NPK: 4-2-6. 1 litre. Seaweed Plus Tomato Fertiliser Natural seaweed extract plus responsible levels of high potash feed. Potassium-enriched feed which improves tomato quality and taste. Stimulates plant and tomato growth and gives better flavour, size and shape of tomatoes. NPK: 5.1-5.1-6.7. 10 litre.

**Original Seaweed Extract Stimulates natural plant growth and boosts healthy root development.** Improves seed emergence, aids rooting, alleviates transplant shock and builds resistance to environmental stress (including drought stress). Can be used all around the garden including lawns. 500ml. 1 litre or 2.5 litre.

**Original Seaweed Extract Stimulates natural plant growth and boosts healthy root development.** Improves seed emergence, aids rooting, alleviates transplant shock and builds resistance to pests, diseases, and drought stress. Ideal for flowers, shrubs, trees, fruit and vegetables in the home or garden. 10 litre.

**Osmocote Controlled Release Plant Food Tablets.** Controlled release action feeds plants for up to 6 months. Ideal for use in tubs, containers and hanging baskets. Easy to use tablets, push straight into the compost Resealable pouch. NPK: 14-9-11 with Magnesium and Trace Elements. 5g Tablets - 25pk.

#### **OSMOCOTE Exact Controlled Release.**

Osmocote Exact, the 3rd generation of controlled release fertiliser. Available in various release patterns exactly tailored to crop requirements, to provide optimal plant growth. Very consistent product, every bag of product gives identical results. KGL003 25kg 3-4 Month KGL006 25kg 5-6 Month KGL009 25kg 8-9 Month KGL012 25kg 12-14 Month KGL015 25kg 16-18 Month.

#### **Osmocote Exact Tablets.**

Osmocote Exact tablets offer you the chance to give very accurate doses of nutrients in a simple fashion. Due to its cone like shape, the tablet can be pushed down easily into growing medium. KGL021 7.5g 5-6 Month 1000pk.

**Phostrogen All Purpose Plant Food.** All purpose soluble plant feed for a healthy garden. Promotes healthy green foliage, abundant flowers, fruit and vegetables. Helps plants become more drought resistant and develop a strong and healthy root system. For use on all plants, both indoors and outdoors. NPK 16-10-24 with Trace Elements.

**Phostrogen Slow Release & Moisture Control.** All purpose slow release, soluble plant feed for a healthy garden. 6 months of continual feeding. Reduces the need for watering all season. A combination of slow release plant food and water storing crystals. For use in pots, containers and hanging baskets, all around the garden. 250g

**Potato Fertiliser Organic.** Carefully balanced organic nutrients for better potato crops. Promotes bumper potato harvests. Also recommended for other vegetable crops. Provides slow release of nutrients NPK 6-10-10. 1 kg and 25kg.

## **ROOTGROW**

Rootgrow contains Mycorrhizal Fungi .Naturally increases nutrient and water uptake by forming a highly efficient secondary root system. 4 sizes.

## **ROSE FERTILISER**

For abundant blooms of brighter roses. Top quality rose fertiliser for abundant blooms. Increases flowering and improves growth. Contains three major plant foods. With iron and magnesium to boost plant health NPK: 5-5-10. 2.5kg and 25kg

**SEQUESTERED Iron.** Corrects and prevents leaf yellowing and boosts plant health. A quick acting tonic for acid loving plants Granular form. Contains: Magnesium and Manganese.

## **Seaweed Plus Sequestered Iron. Natural seaweed extract plus 2% iron.**

Corrects iron deficiency. Aids growth in difficult soil conditions. Produces dark green foliage. More intensive flower colour.500ml. 1 litre. Or 10 litre.

**Strulch Straw Mulch Great for strawberries. Slug and snail deterrent.** Bag covers 3 square metres 9kg.

## **Sulphate of Ammonia**

Fast acting nitrogen fertiliser to encourage leafy growth. Particularly beneficial for brassicas, lettuce, spinach, rhubarb, leeks, and onions. Provides a rapid boost for flowering plants, shrubs and fruit. Also greens up a tired lawn NPK 21-0-0 25kg.

## **Sulphate of Iron**

Greens turf, helps roots and hardens. Reduces the alkalinity of soil. Improves the cultivation of acid loving plants. Contains: 20% Ferrus Sulphate 25kg

## **Sulphate of Potash**

Boosts flowering and ripening of fruit Improves strength and vigour of plants. Promotes increased fruit yields and bigger blooms. Beneficial to tomatoes and cane fruit NPKO-O-48 25kg

**SULPHUR CHIPS.** Important trace element gives ericaceous plants the ideal soil base for healthy growth. Reduces soil pH Slow acting granular formula. Provides a long term solution to poor soil conditions.750gPlant Tonic Sequestered iron Greens up plant leaves suffering from chlorosis (yellowing). Cures iron deficiency Adjusts soil pH to allow ericaceous (lime hating) plants to grow. 5 x 15g.

**Superphosphate of Lime.** Promotes strong root growth and healthy plants. Fruit, root and seed crops produce high yields. Improves ripening of fruit. Ideal starter feed for seedlings, rooted cuttings and transplants. Apply throughout the growing season. NPKO-17-5-0 25kg

### **TOMATO FEED**

**Strong liquid feed with additional magnesium and trace elements.** Feed essential for maximum growth of tomatoes and full flavoured fruit. Ideal for feeding tomatoes that are planted outdoors and in growbags. NPK: 5-5-10. 20 litre. Miracle - Gro Pour & Feed Ready to use Plant Food. Ready to use plant food formulation, for ease of use, and less mess. Visibly healthier plants in 7 days. Stimulates growth, yield and root formation. Improves plants resistance to environmental stresses. 1 litre.

### **TOMATO FEED**

Ideal for feeding tomatoes that are planted outdoors and in growbags. High potash feed, essential for maximum growth of tomatoes and full-flavoured fruit. With added seaweed and magnesium for healthy plant establishment. NPK: 4-5-9. 1 litre and 2.5 litre.

### **TOPROSE**

The perfect balance of nutrients for bright and beautiful roses and shrubs. Easy to apply, simply sprinkle around your roses and lightly hoe. Contains long lasting nitrogen for balanced growth. NPK: 5-6-12. 1 kg. 4kg

### **TREE & SHRUB Fertiliser**

A unique granular compound fertiliser providing plant nutrients in a soluble form. Can be applied to a very wide range of trees & shrubs both ericaceous and non-ericaceous. Eliminates the need for repeated top dressings during the season. NPK: 5-18-10 +Mg. 25kg.

### **TRENCH Fertiliser**

A special formulation for the exhibition grower of leeks, onions, sweet peas, Delphiniums, and new rose beds when early preparation of the soil is essential. Add to beds and trenches as soon as possible after the old crop is removed NPK6-11-18. 25kg

### **Turf & Lawn Dressing**

A fine grade dressing formulated for all sports turfed areas, bowling greens and lawns. Improves root structure and drainage lawns Increases nutrient levels for a thicker, healthier lawn. For lawn repairs, aerating & turf laying. 25 litre. Evergreen Handy Spreader Easygreen Rotary Spreader Evergreen Drop Spreader.

**Vegetable Fertiliser.** A high-quality vegetable fertiliser for your garden. Organic based fertiliser. Lasts 10-12 weeks. NPK: 12-4-16 +3Mg. 25kg

**VITAX.** Suitable for all types of crops, they help improve soil microbial activity to achieve greater utilisation of applied nutrients. Vitax natural fertilisers provide phased nutrient release to feed the crop closely to its needs. All formulations contain calcified seaweed. Supplied in 20kg Bags.

**VITAX Q4 Professional Fertiliser.** The premier fertiliser for fruit, vegetables, flowers and roses. Outstanding all purpose powdered fertiliser. The favourite fertiliser of experienced gardeners. Contains all the vital plant foods and trace elements essential for vigorous growth, abundant flowering and ripening of fruit. NPK: 5.3-7.5-10 +3 Mg0 +TE.VIT488 10kg Tub.VIT495 20kg.

**VITAX Q4 Professional HN Fertiliser.** A high nitrogen, extended release, formulation that is ideal for all containerised nursery stock and field grown tree and shrub stock. Use as a base and top dressing When used in tree and shrub planting Cl4HN can be added to the backfill to meet the full nutrient requirements of the plant and promote healthy root development. and successful establishment. NPK: 10-7.5-10.2 +TE. VIT502 25kg NPK: 0-17.5-0,

**VIT432 111. vii-439 214. VIT446 High K. Q4 Fertiliser.** The premier fertiliser for fruit, vegetables, flowers and roses. Outstanding all purpose pelleted fertiliser. Contains all the vital plant foods and trace elements essential for vigorous growth, abundant flowering and ripening of fruit.0.9kg. 2.5kg. 4.5kg Tub. 10kg Powder Tub. 20kg Powder

**Weedol Gun Lawn Weedkiller** Kills weeds, not lawns in a ready to use trigger spray. Kills dandelions, daisies and clover. Contains: Fluroxypyr, Clopyralid and MCPA. 800ml RTU + 25% Free.

**Weedol Lawn Weedkiller** Kills weeds, not lawns. Kills dandelions, daisies and clover. Contains: Fluroxvovr. I MCPA.250m1. 500m1. or 1litre
